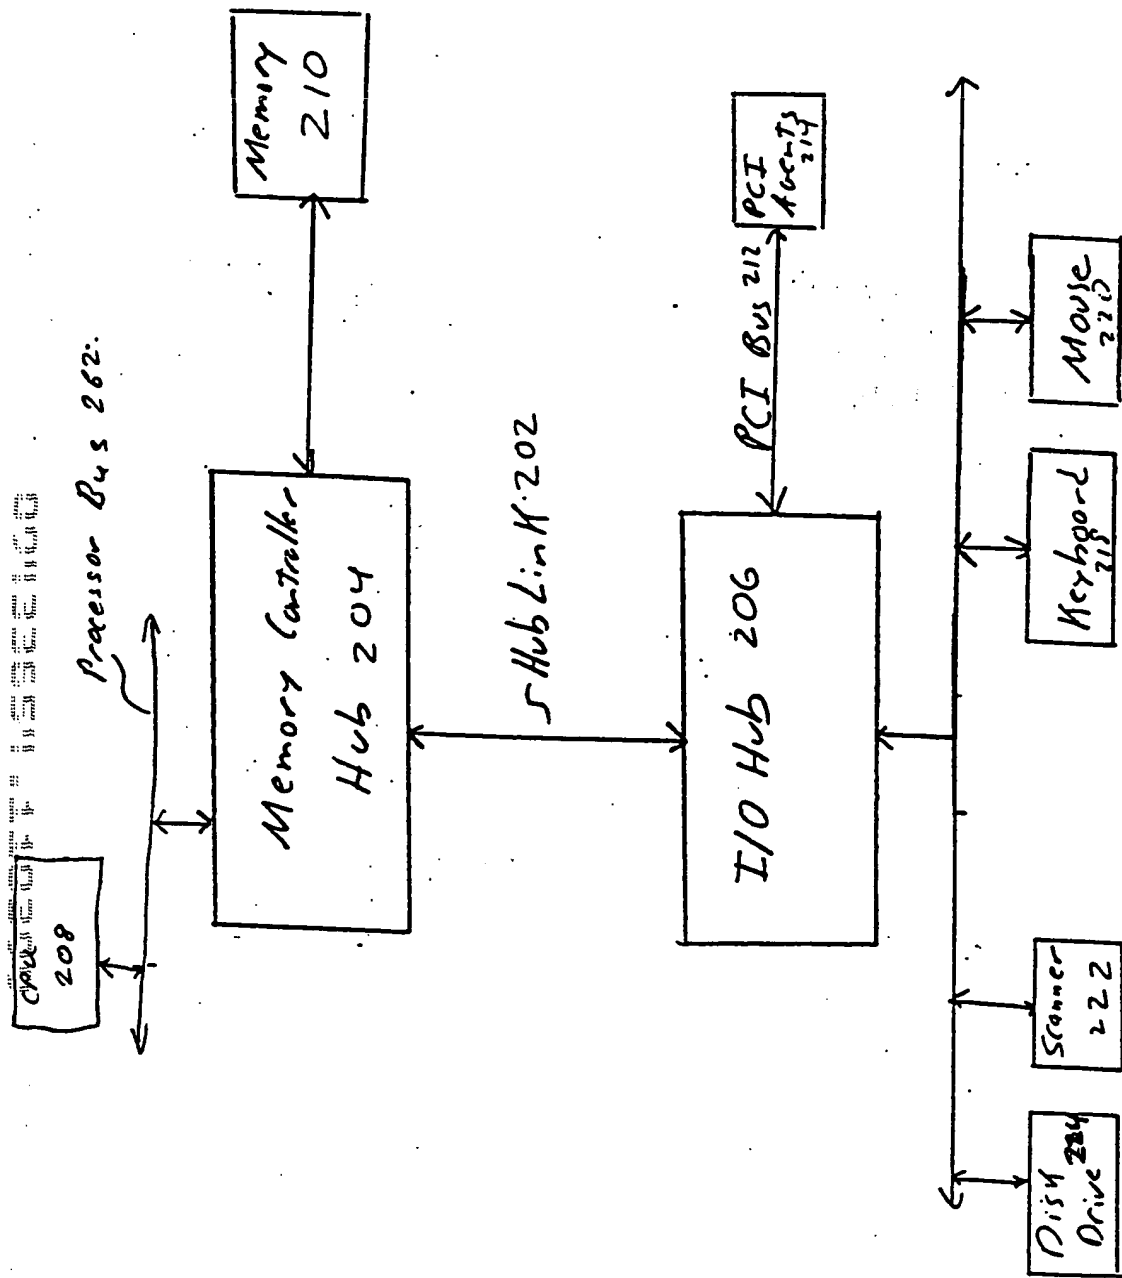

Fig. 6

FIG. 7 is a timing diagram illustrating a sequence of operations in a system. The diagram shows a clock signal (HLCLK) and two data signals (302 and 304) over time. The clock signal (HLCLK) is shown as a series of pulses. The data signal 302 is shown as a sequence of pulses, and the data signal 304 is shown as a sequence of pulses. The diagram illustrates the timing relationship between the clock signal and the data signals.
